

ESCAPE

Sunset Escape

Departure before sunset, to fully enjoy the natural paradise of the La Maddalena Archipelago, at a time of calm when most boats have returned to port, leaving the beaches empty and offering the chance to admire the shades of color and play of light that only the golden hour can offer.

At this time, with the sun still warm and the water mild, it will be impossible to resist the temptation of a swim or a romantic barefoot walk along the beach, waiting for the moon and the stars.

With the sunset as a backdrop, we offer gourmet dinners and exclusive, personalized aperitifs tailored to your needs – ideal for celebrating special occasions such as bachelorette and bachelor parties, birthdays, and marriage proposals.

Prices vary depending on the service chosen and any specific requests you may have
